

One sling, multiple options

Updraft® VarioSling

Lifting
solutions

More than Ropes.

Gleistein

Updraft® VarioSling

Capable of more: Updraft® VarioSling is feather-light and replaces multiple Updraft® CustomSlings at once with alternative attachment positions precisely tailored to several specific lengths.

Flexible like a chain

Alternative attachment positions enable two, four, or more precisely defined lengths. Individually tailored for each customer in Gleistein's sling factory

Light as an Updraft® sling

For outstandingly fast handling and optimal use of the crane's load capacity

Maximum safety

Offers minimal risk of injury, is extremely abrasion-resistant, and corrosion-free. Targeted protection in the contact areas

2in1

Possible configurations

Technical data

Rope diameter [mm]	WLL direct* [t]	WLL basket* [t]
8	1	2
12	2	4
16	3	6
18	5	10
20	6	12
24	8	16
28	10	20
36	15	30
40	20	40
44	25	50

*The diameter of the attachment point must be at least twice the rope diameter.

4in1

Possible configurations

Gleistein's sustainability commitments

Bio-based & recycled raw materials

... without compromising performance.*

CO₂-balanced production and ropes

... because we avoid, reduce, and compensate.

Active support for the environment

... including permanent commitment to initiatives.

*Gleistein is the first rope manufacturer which completely switched its products made with Dyneema® to bio-based Dyneema® fibres.

Bio-based Dyneema® fibre

Green

A carbon footprint that is 90% lower than that of generic HMPE.

As strong as ever

Boasts the exact same characteristics, specifications, and performance as conventional Dyneema®.

Certified

Entire process is certified for compliance according to the International Sustainability and Carbon Certification (ISCC).
